Dear Gig goer,

Welcome to the Autumn 2012 series of gigs at the Flowerpot. The autumn season is always a busy and exciting mixture of original touring bands and top calibre tributes. Something for everybody to enjoy. I always like to point out new names to the venue and this time we have a fair few stunning debuts. The founder members of top band Simple Minds have reformed as XSM. They delight the audience with Simple Minds classics as well as new material. Others include Simon and Oscar from Ocean Colour Scene, top dub reggae outfit Dreadzone, Miles Hunt from the Wonder Stuff and a classic guitarist who was the founder member of Bad Company and Mott The Hoople, Mick Ralphs. Muddy Water's eldest son Mud Morganfield is at the venue in November. Lots of top tribute bands to check out as well in what is one of our busiest and best autumn seasons ever. As always, thanks for your support - Enjoy the gigs.

Disbanding after 1990's brilliant Domino Club, TMTCH eventually reunited in 1996, and continue to sell out venues across the land with their firebrand mix of punk passion, rousing guitars and folk roots.

DREADZONE

Hit records, critical acclaim and a huge, devoted fan base are theirs, due in part to their utterly storming live shows and Dreadzone show no sign of slowing down as they announce a host of live dates around the UK this Autumn. The core members Greg Dread, original bass-master Leo Williams, the unmistakable MC Spee, legendary reggae vocalist Earl 16 alongside Chris Compton on guitar and Bazil on technology make up the current Dreadzone live line up.

Electro-dub pioneers Dreadzone formed in 1993 when ex-Big Audio Dynamite drummer Greg Roberts teamed up with Tim Bran, with the duo soon joined by bassist Leo Williams and keyboardist Dan Donovan, also formerly of Big Audio Dynamite, completing the group's first line-up. A festival favourite, Dreadzone opened the Pyramid Stage at Glastonbury in 1994 and began to bring their unique blend of electro, dub and reggae to a wider audience, going on to chart seven Top 60 singles (including their Top 20 hit 'Little Britain') and are still going strong after 18 years.

They released The Good, The Bad And The Dread - a compendium of their excellent musical story so far in 2011 and their groundbreaking 1995 album 'Second Light' was re-released in March 2012 by EMI as a two disc special edition featuring previously unreleased live concert material. The band are currently writing their eagerly awaited new studio album. As well as live favourites from their back catalogue the band will be showcasing new tracks at their shows this Autumn.

Their brand new studio album "Wolfsbane Save The World" was released early 2012. Featuring original members Blaze Bayley, Jase Edwards, Jeff Hateley & Steve "Danger" Ellett
